Imagine A Home...

Where you know all your neighbors;

Where active adults can live in a supportive, healthy environment;

With fully-appointed individual homes as well as common facilities
such as workshops and open space;

In an environmentally-sensitive, pedestrian-friendly community that
you helped create!

Katie McCamant and Charles Durrett are the nation's experts on cohousing and have designed over fifty cohousing communities throughout the U.S. and Canada. They introduced cohousing to North America with their book *Cohousing: A Contemporary Approach to Housing Ourselves*. They will share their 25 years experience designing socially vibrant and environmentally sustainable communities and assist us in bringing cohousing to our area.

Presentation will be followed by a Getting-It-Built Workshop, March 4-5, 2017. Register before 2/10 for early bird rate (\$500). Regular rate is \$550; 50% discount for second person in household. For more information and to RSVP, contact John at john@jpkalmon.com or 715-381-5781.
